# Fund Balance vs Spending Authority

## Fund Balance (think cash)

- Measure of **cash** at a certain point in time
- Used to calculate solvency ratio
- Can be negative and not violate the law because a District can borrow funds if needed
- Applies to all funds

## Spending Authority (think credit card limit)

- Set forth in law defining the maximum a district can spend from its general fund
  - Overspending maximum authority violates the law
  - It is a calculation determined primarily through the school foundation formula
  - Applies only to general fund
-

Leisa Breitfelder, Executive Director of Student Services, has facilitated training at the high school, LRC, and leadership levels for staff.

**Update from Finance/Audit Committee:** The committee met on September 20th with the majority of the discussion focusing on the fiscal year 2018 financial review. The following FY2018 state reports were reviewed:

- Certified Annual Report (CAR)
- Special Education Supplement (SES)
- Limited English Proficiency (LEP) Allowable Costs
- Annual Transportation Report
- Facilities, Elections, and Sales Tax

These reports, along with other fiscal year 2018 financial information, will be presented to the board during the September 24th work session. Other items discussed by the committee included capital projects updates, bond planning, and the upcoming financial audit.

**Employee Health and Safety:** Balanced Fitness and Health held a training for Nutrition Services employees on August 17th. The training focused on safe lifting methods, ergonomics, and injury prevention. During the training it was determined that Nutrition Services would benefit greatly from a consistent, dynamic, stretching program. The goals of the stretching program are to improve flexibility, increase blood circulation, and lengthen tightened muscles. In addition, the program serves as a stress reliever and can help boost energy and productivity. Kitchen managers were trained on the stretching program on September 18th and will be rolling out the program to Nutrition Services employees on September 24th with the goal of starting each shift with stretching exercises.

**Linn-Mar Orchestra News:** The LM Orchestras will be hosting their second, annual homecoming showcase on Thursday, September 27th. The event is free and open to the public.

## District Achievements and Honors

**Bullying Prevention Efforts Recognized Nationally:** The district has earned the Ford Motor Fund Bullying Prevention Award. Student Assistance Counselor Stacia Walker first learned about the award through the International Bullying Prevention Association. As part of the application process, Mrs. Walker was asked to describe the Olweus Bullying Prevention Program, which is widely used at Linn-Mar. The program is designed to improve peer relations and help make schools safer and more positive places for students to learn and develop. Goals of the program include reducing existing bullying problems among students, preventing the development of new bullying problems, and achieving better peer relations at school.

Members of the Student Assistance Team will accept the award at this year's International Bullying Prevention Conference. The award comes with a check for five thousand dollars. The money will be used to support the future work of Olweus here at Linn-Mar.

**Seven LMHS Seniors Named 2019 National Merit Scholarship Semifinalists:** The district is very proud to recognize and congratulate seven high school seniors for being named semifinalists in the 2019 National Merit Scholarship Program.

The semifinalists (left to right above) are: Gloria Chang, Akash Gururaja, Benjamin Hinz, Samyutka Karthik, Noah Keller, Ashley Kendrick, and Delanie Williams. These academically talented high school seniors will have an opportunity to continue in the competition for National Merit Scholarships worth more than \$31 million that will be offered next spring.

**KHAK Teacher of the Week:** Congratulations to Molly Wickham, a second grade teacher at Wilkins Elementary, for recently being named KHAK's Teacher of the Week!

# Introduction

In order to provide the necessary and appropriate leadership for the district the Board of Education, both collectively and individually, is committed to governing as a professional Board of Directors. This means a commitment to the principles and practices of professional governance, the sharing of a common understanding of board policies, practices, procedures and principles, a focus on continuous learning and improvement, and a willingness to serve as a model of effective, moral leadership for students, staff, and the community.

The *Board Operations Manual* explains the duties, structure, and responsibilities of the Linn-Mar Community School District Board of Education as per the Iowa Association of School Boards (IASB) recommendations and State of Iowa Code. This manual is a living document and is in no way meant to be the final word as to how the board will direct its business. Each iteration of the board will reflect the personality of that board and may result in additions or revisions to this manual.

## Board Authority

Board authority is derived from State of Iowa Code, which includes many different powers and duties of school boards. As a corporate body, the board may transact business only with a quorum of its membership present during a regular or special meeting.

According to *Dillon's Rule*, a local school board can only do what it is authorized to do per code as opposed to home rule where action can be taken unless it is stated in code that the action is not allowed. The Linn-Mar Community School District Board of Education policy manual includes a listing of the board's general powers and duties in *Policy Series 200*.

The following is a *partial listing* of the duties and powers the board has the authority to carry out and reflects the authority vested in local boards of education.

1. Determine major educational needs and develop plans to meet those needs.
2. Fix time and place of regular and special meetings.
3. Fill by appointment any vacancies occurring between elections.
4. Employ a superintendent.
5. Approve the employment of teachers; principals; other licensed, professional personnel and other personnel; and approve their salaries.
6. Terminate the contract or immediately discharge any employee subject to the provisions of any applicable law.
7. Become members of the Iowa Association of School Boards and pay dues.

8. Utilize funds received through gifts, devises, and bequests in the general or schoolhouse fund, unless limited by the terms of the grant.
9. Employ legal counsel and bear the cost of litigation.
10. Allow all just claims against the school corporation.
11. Insure against loss of property.
12. Appoint a board secretary and treasurer.
13. Require bonds for individuals having custody of school corporation funds, funds from extra-curricular activities or other sources, and pay premiums from the general fund.
14. Determine district attendance centers and the particular school each student will attend.
15. Provide transportation services.
16. Acquire, hold, convey, lease, rent, and manage property; real and personal.
17. Incur indebtedness when authorized by the voters of the school corporation.
18. Make rules for its own government.
19. Maintain adequate administration, school staffing, personnel assignment policies, teacher qualifications and licensing requirements, facilities, equipment, grounds, graduation requirements, instructional requirements and materials, maintenance procedures, and policies on extra-curricular activities.
20. Expel students from school for violation of rules established by the board or when their presence is detrimental to the best interests of the school.
21. Enforce laws prohibiting public school students from becoming members of any fraternity or society which is not sanctioned by the board.
22. Maintain attendance centers based upon the needs of school-age students and may include in the educational program additional courses, subjects, or activities that fit the needs of the students.

## Board Member Responsibilities

Board member responsibilities include attending board meetings; being prepared in advance by reading agendas, supporting documentation, presentation materials, and other informational documents; seeking information that is necessary; and suspending all judgement prior to the decision-making process at the board table. Effective board members also resist presenting surprises at board meetings by abiding by board policies and rules and holding off personal decisions until all evidence is in and all board discussion has occurred.

The board is made up of seven members of the Linn-Mar Community School District with each member assuming responsibility for the total board's effectiveness, functions, and efficiency. No individual can speak for or act on behalf of the board. The board acts only when a quorum is present and when a majority of that quorum reaches a decision. The Linn-Mar Community School District Board of Education strives to be unified and professional at all times. This does not mean, however, that board members cannot have disagreements or open discussions about

district issues. Open discussions are encouraged in order to thoroughly examine each issue. Disagreements are to be handled in a respectful manner at all times with board members displaying courtesy for each other and for differing points of view.

## Board Ethics

Board member actions, verbal and nonverbal, reflect the attitudes and beliefs of the Linn-Mar Community School District. Therefore, board members must conduct themselves in accordance with the Iowa Association of School Board's Code of Ethics as outlined in *Policy Series 200*.

Board members must avoid conflicts of interest, either real or perceived, related to serving on the board. Both Iowa law and board policy describe limitations placed on board members in carrying out their duties, but these limitations cannot address every situation where a conflict of interest may arise. Therefore, board members must be vigilant in avoiding any actions that may be perceived as creating a conflict of interest.

Iowa law states that all actions of the board shall be conducted in public, while at the same time the law allows for specific situations and procedures wherein the board may meet in private to discuss confidential information. Board members are privy to confidential information in the course of their service to the district. It is imperative that each board member respect the confidentiality of information shared with them.

## Board Guiding Principles

1. Deliberate in many voices, but govern in one voice.
2. Cultivate a sense of group responsibility with the understanding that it is the board, not the staff or administration, which is responsible for excellence in governance.
3. Be an active part of the district's leadership team striving to lead the district through a clear mission statement, an articulated vision for the district, shared and commonly understood goals, broad and clearly written policies, and continual monitoring of the performance of the schools and students.
4. Be willing to hold itself to the highest standards of excellence in governance and professional responsibility, including a willingness to hold individual board members and the board as a whole accountable for its actions.
5. Continually monitor its own processes, performance, and progress.
6. Vigorously and intelligently advocate for the district and its students on the local, state, and national levels.

7. Commit both individually and collectively to being well-informed and educated on local, state, and national educational issues, initiatives, and practices.
8. Regularly communicate as one voice while exercising confidentiality, when appropriate, to all stakeholders about district performance, direction, initiatives, issues, and ideas.
9. Formally and informally recognize and celebrate school, staff, and student success.
10. Insist on the pursuit of excellence on the part of all with a role in the district; staff, students, and board members.
11. Always strive to act in the interest of what is best for all students believing that all students can learn and succeed at a high level.
12. Serve as a model of positive, professional, and ethical conduct.

The board shall make rules for its own governance. The board may make and enforce reasonable rules for the conduct of its meetings to assure they are orderly and free from

interference or interruption by spectators. The Linn-Mar Board of Education has chosen to follow *Robert's Rules of Order* as a procedural model for operational purposes.

Board meetings are held IN the public, but not FOR the public. Meetings are to conduct district business in an open and transparent manner, not to engage in dialogue with the public. Public comments are allowed at the start of each open, regular meeting but not during the order of business.

Meetings shall be held at a place accessible to the public and at a time reasonably convenient to the public, unless such a place or time is impossible or impractical which shall be stated in the minutes. The public may use cameras or recording devices at any open meeting.

The public will have an opportunity to address the board at the start of each open meeting. Guidelines for addressing the board are outlined in the agenda and shared with the public prior to the audience communications section of the meeting. *The guidelines are also found in Policy Series 200.*

When participating in discussion, the board directs the superintendent and administration. The directive will be restated for clarity and conciseness by the board president to assure that there is common agreement and consensus from the entire board. Board meetings should allow business to be transacted efficiently, protect individual rights, and maintain the working relationship amongst members.

The role of the superintendent during board meetings will be that of advisor and facilitator in helping the board work through its business and reach decisions. As the chief executive officer of the district and the chief advisor to the board, the superintendent will provide timely information, materials, adequate time for deliberation, and recommendations given prior to board meetings and prior to board deliberations when making decisions. Reports, presentations, and documentation will follow a format developed by the superintendent and shared with the board.

Reports to the board will be concise and will not exceed 15 minutes, including questions. Written materials will be provided to the board in advance for their review and preparation for the presentations. All visual aids will be of a quality that the board and audience can view from their seats. The preferred format is electronic projection.

The board is to come prepared and ready to participate in the discussion and decision-making process. The board will also be given advance notice as to whether or not presentations or reports are for information only or if they are for deliberations and/or action.

# Board Advisory Committees

The administration will inform all advisory committees to the board of requirements as stated in legislation regarding open meetings. The Board of Education will be aware that any committee that it appoints is under the open meetings law requirement. Care will be taken to assess whether a committee already functioning in the district may be used for the purposes of the board rather than the creation of a new committee.

Board members are encouraged to be active on committees and other advisory groups that function within the district. Board member participation is to be advisory only since it might be construed that a board member may have the potential to persuade others with their vote. Therefore, no board member will be a committee chairperson or a voting member of a committee or advisory group within the district.

## Schedules

Board members are expected to attend board meetings, school and site visits, special meetings for community input, and other meetings and events throughout the district and community. A rotating schedule will allow board members to attend Marion City Council meetings in order to facilitate communication between the two entities.

Schedules for board meetings, school/site visits, and committee/advisory meetings are developed at the beginning of each school year. Ongoing calendars can be found at the end of each board meeting agenda.

## Policy

A school board fulfilling its policy-making duties fulfills the board's most important function. Written board policy represents the school district is managed in a business-like manner and informs all of the board's intent, goals, and objectives. Written policy fosters stability and continuity whenever board members or district personnel changes. Written policy also disarms critics by providing clear cut, thoroughly researched, and planned solutions.

Written board policies have the same force and effect in a school district as Iowa laws have in the state and as federal laws have in the country.

Iowa Code places the authority to develop and adopt policy for a school district in the hands of the school board. The Iowa State Department of Education Educational Standards, which set the requirements for an accredited education program, require the board to adopt and maintain a *Board Policy Manual*. The *Board Policy Manual* can be accessed via the district's website ([www.linmar.k12.ia.us](http://www.linmar.k12.ia.us)).

If an issue or area of concern is one that only the board can change and determine, it is policy. If an issue or area of concern is one that the administration can change, it is administrative regulation.

### **Policy Development**

The policy development process has been designed so that several sources of input can be given to the board regarding review and development of its policies. By law, each board policy must be reviewed at least once every five years.

A policy committee made up of board members, the superintendent, and key administrators will be used to review board policies and make recommendations to the board. The policy committee will meet regularly during the school year to review the policies.

It will be the duty of this committee to review the policies for accuracy, content, appropriateness, timelines, and necessity. In order to accomplish this, each member of the committee will review current board policies and recommendations for changes that have been communicated to the district by the Iowa Association of School Boards (IASB) along with state and federal requirements and changes.

Policy committee recommendations will be presented to the board during regular meetings for discussion, first and second readings, and adoption upon board approval.

## **Relationships and Communications**

There are two types of communications that board members will incur, internal (owner/district) and external (customer/patron). Board members should assess and be aware of which type of communication they are being engaged in at all times.

*As board members engage in communication with various patrons, they should remember that patron concerns should be addressed from the lowest level of authority first and then, if not satisfied, patrons should work upward to the superintendent or board level. (Ex: teacher>building administrator>human resources>superintendent>board) Patrons should be directed to contact the superintendent regarding an issue only after exhausting the appropriate channels of communication.*

### **Internal Communications and Relationships**

Board members are encouraged to interact and communicate with staff members as a means of gathering information and knowledge of the workings of the district. If staff members want board members to solve managerial issues, or when a board member is not satisfied with staff performance, these situations should be directed to the superintendent for resolution, supervision, or evaluation.

Board members need to separate their role as a board member from their role as a parent when dealing with staff and administrators and should clarify which role they are in when communicating with staff and administrators. Administrators or staff may be hesitant to speak openly with board members for fear of retribution, especially if the conversation includes a complaint about district operations.

Staff should reflect respect for the district and its employees when stating concerns or opinions, and their concerns and opinions should be based on factual information not rumors. When listening to and speaking with staff members, conversations should be mutually respectful of the district, board, and all employees. All board members and staff are governed by the board policies which prohibit retaliation, bullying, or discrimination.

The board needs to exercise caution in personnel issues. Board members must always keep in mind that they are the final hearing officers in any personnel disputes. If a board member becomes involved in a personnel issue, they may need to recuse themselves from a hearing due to the possibility of being prejudiced. For that reason, personnel issues should be handled only by administrators hired for that purpose.

Any discussion by the board that could be interpreted as evaluative must be done in a meeting with the employee given the opportunity to be present to give their side of the issue, as well as the option of a closed session. Staff members may try to have board members solve problems outside board meetings, or a board member may not be satisfied with staff performance, but according to board procedure and policy these situations should be directed to the superintendent for resolution, supervision, or evaluation.

The board and staff members (certified and classified) will engage in a variety of communication strategies. Board retreats are one option that has been successfully used to further interaction and open communication. Current and new recognitions of staff members will be continued and created.

### **Internal Board and Superintendent Relationship/Communications**

Because of the relationship the board and superintendent must have to conduct the work of the district it is imperative that they keep each other informed of current issues. There should not be surprises at board meetings from either the board or superintendent. Board members will refrain from lobbying efforts with other board members outside of meetings.

The superintendent will publicly support the Board of Education and its decisions and the board will publicly support the superintendent and his/her decisions. Additionally, each board member is expected to publicly support decisions reached by the board as a whole, even if the board member voted with the minority on an issue.

The superintendent may utilize past board members who are in the community for input and information about the perception of the district.

Board members will be charged with maintaining relationships within the board in accordance with board standards per the Iowa Association of School Boards (IASB).

**External (Public) Relationships and Communications**

*Reminder: There are two types of communications that board members will incur, internal (owner) and external (customer). Board members should assess and be aware of which type of communication they are being engaged in at all times. Patron concerns should be addressed from the lowest level of authority first and then, if not satisfied, patrons should work upward to the superintendent or board level. Patrons should be directed to contact the superintendent regarding an issue only after exhausting the appropriate channels of communication.*

On controversial issues, the board will have a public statement drafted by the superintendent that board members may utilize for any public comment that needs to be made. As individuals, board members should support the actions and statements of the board. It is board procedure that the entire board be polled by the president prior to any public statement being made on behalf of the board as a whole. The board president shall be the official spokesperson for the board. The superintendent may also speak publicly on behalf of the board. If any board member wishes to address a point of view before the public, it is imperative that each board member communicates that they are speaking from their own personal viewpoint versus a board viewpoint.

The board’s strategic planning process will include a plan for district public relations and marketing developed by and implemented by the administration and relevant departments.

## 2018 BSN PRECEPTOR AGREEMENT

This document represents an agreement between you as a health care provider and Allen College for your participation as a preceptor.

The student experience may be observational, involve project development, or provision of direct care, teaching, leadership and/or research. The student may not assume primary responsibility for patient care, though may assist under your supervision. The student is expected to assume responsibility for accomplishing the goals and objectives of the course, adhere to agency policies, and assume all costs for the experience. Please refer to the preceptor manual for your reference in facilitating the learning experience for the student.

All students complete a physical examination, 10-panel drug screen and a criminal background and abuse check. Each student shall have had a tuberculin test and CPR verification. Each student shall have documentation of current immunizations as recommended by the Center for Disease Control including: influenza, MMR, varicella and Tdap. Hepatitis B is offered to students but may be declined. Allen College assumes responsibility for accidents and OSHA and HIPAA educational requirements occurring during clinical experiences.

The preceptor may request the College to withdraw from the agency any student whose clinical practice, conduct, or health may have a detrimental effect on patients or personnel, and/or reserves the right not to accept any student who has previously been discharged by said preceptor or agency. Should you determine that this student may not participate at your agency, please notify our office at (319) 226-2517.

This Preceptor Agreement coincides with the existing Memorandum of Agreement between your agency and Allen College.

**This agreement will be effective August 20 – December 31, 2018 for Jenna Rott Shiley in NU450 Community & Public Health Nursing for the Fall 2018 semester.**

PROJECT CONTACT: **Jamie Johnson**

GRANT AWARD: **\$3,375.00**

DNR CONTACT/PHONE#: **Gabriele Edwards**, Program Coordinator, (515) 725-8456

1. **PARTIES/AUTHORITY.** The parties to this Trees for Kids (Grant Agreement) are the Iowa Department of Natural Resources, an agency of the State of Iowa (the Department), and Linn Mar Community Schools. The parties make this Grant Agreement under the authority of Iowa Code section 456A.24(7).

2. **PURPOSE.** The purpose of this Grant Agreement is to enable the Department and/or its partners to provide hands-on education to youth, expand the urban tree canopy, and improve species diversity through planting trees on school grounds and other public places.

7. **EFFECTIVE DATE/TERMINATION.** This Grant Agreement shall become effective September 17, 2018 and shall terminate upon the completion of all work specified in the project proposal, or earlier upon mutual agreement of the parties hereto, as evidenced in writing, or, if the parties are unable to agree, by order of the district court in Polk County, Iowa. All work specified in the project proposal shall be completed by no later than May 31, 2018 for spring planting and October 31, 2018 for fall planting. The Department may terminate this Grant Agreement upon notice in the event the Grantee fails to comply with any provision of this Grant Agreement.

8. **AVAILABILITY OF FUNDS:** The Department shall have the right to terminate the Grant Agreement without penalty if, in the Department's sole discretion, adequate funds are not appropriated or granted to allow the Department to operate as required and to fulfill its obligations under this Grant Agreement or funds are de-appropriated; if funds are de-appropriated, reduced, not allocated, or receipt of funds is delayed, or if any funds or revenues needed by Department to make any payment hereunder are insufficient or unavailable for any other reason as determined by the Department in its sole discretion; if the Department's authorization to conduct its business or engage in activities or operations related to the subject matter of this Grant Agreement is withdrawn or materially altered or modified; if the Department's duties, programs or responsibilities are modified or materially altered; or if there is a decision of any court, administrative law judge or an arbitration panel or any law, rule, regulation or order is enacted, promulgated or issued that materially or adversely affects the Department's ability to fulfill any of its obligations under this Grant Agreement.

9. **INDEMNIFICATION; LIMITATION OF LIABILITY:** The Grantee agrees to indemnify and hold harmless the State of Iowa and the Department, its officers, employees and agents appointed and elected and volunteers from any and all costs, expenses, losses, claims, damages, liabilities, settlements and judgments, including reasonable value of the time spent by the Attorney General's Office, and the costs and expenses and reasonable attorneys' fees of other counsel required to defend the State of Iowa or Department, related to or arising from the Grantee's acts or omissions pursuant to this Grant Agreement. Indemnification obligations of the Grantee shall survive termination of this Grant Agreement. Nothing in this Grant Agreement shall be construed to create joint or several liability of a party hereto for the acts, omissions or obligations of the other party. Every person who is a party to the Grant Agreement is hereby notified and agrees that the State, the Department, and all of their

employees, agents, successors, and assigns are immune from liability and suit for the Grantee's and its subcontractors' activities involving third parties arising from the Grant Agreement.

**10. JOINT AND SEVERAL LIABILITY.** If the Grantee is a joint entity, consisting of more than one individual, partnership, corporation or other business organization, all such entities shall be jointly and severally liable for carrying out the activities and obligations of this Grant Agreement, and for any default of activities and obligations.

**11. RIGHT TO REVIEW AND OBSERVE; ACCESS TO RECORDS.** The Department shall have the right to review and observe, at any time, completed work or work in progress related to the Grant Agreement. The Grantee shall permit the Department or its agents to access and examine, audit, excerpt and transcribe any directly pertinent books, documents, reports, papers and records of the Grantee relating to orders, invoices, or payments or any other documentation or materials pertaining to this Grant Agreement. Upon the request of the Department, the Grantee shall deliver to the Department or its agents said documentation or materials.

**15. ASSIGNMENT AND DELEGATION.** The Grantee may not assign, transfer or convey in whole or in part this Grant Agreement without the prior written consent of the Department. For the purpose of construing this clause, a transfer of a controlling interest in the Grantee shall be considered an assignment. The Grantee may not delegate any of its obligations or duties under this Grant Agreement without the prior written consent of the Department.

**16. REPAYMENT OBLIGATION.** In the event that any funds are deferred and/or disallowed as a result of any audits or expended in violation of this Grant Agreement or the laws applicable to the expenditure of such funds, the Grantee shall be liable to the Department for the full amount of any claim disallowed and for all related penalties incurred. ## Terms and Conditions

**Performance:** B.G. Brecke, Inc. (hereto referred to as contractor) shall provide services under this agreement and the price subject to credit approval by contractor and also contingent upon strikes, accidents, fires, and the inability to procure materials from the usual sources of supply, or upon any like or unlike cause beyond the control of contractor. In the event of account delinquency, contractor may delay performance or, as it's option, renegotiate prices, terms and conditions with the customer. If contractor and customer are unable to agree on such revisions, this agreement shall be cancelled without any liability, other than the customer's obligation to pay for services rendered by contractor to the date of cancellation. Services will be performed during normal working hours with any overtime or emergency calls billed separately unless otherwise stated.

**Preventive Maintenance:** Labor, travel and materials to perform preventive tasks outlined in schedules and equipment listings.

**Full Coverage Service:** Provide required labor and materials for repairs on covered equipment. At our option we may utilize used, reconditioned or new materials. Equipment covered under this agreement will be subject to our inspection within 30 days of the agreement date. If the equipment is inaccessible or cannot be tested due to climate conditions, said equipment will be tested at such time conditions allow operation. Contractor will provide a report indicating the condition of the equipment not operating properly along with a proposal for repairs. Upon approval of proposal, contractor will make outlined repairs. If our proposed repairs are not accepted, we will exclude the equipment from the maintenance agreement.

**Payment and Taxes:** Customer shall pay contractor invoices net 30 days of invoice date. Interest of 1 ½% on unpaid balances may be charged. Customer shall pay; in addition to the agreement price all taxes or acceptable tax exemption certificate shall be filled with contractor.

**Insurance:** Contractor agrees to carry insurance in the following minimum amounts:

- a. Commercial General Liability \$1,000,000 per occurrence
- b. Automobile Liability \$1,000,000 CSL
- c. Workers Compensation Statutory Limits

**Asbestos, Mold and Hazardous Materials:** Contractors services in connection with this agreement expressly excludes any identification, abatement, cleanup, control, disposal, removal or other work connected with asbestos, mold, polychlorinated biphenyl (PCB) or other hazardous materials. Shall contractor become aware of the presence of such materials, contractor may immediately stop work in the affected area and shall notify customer. Customer will be responsible for all action including payments necessary to correct the condition in accordance with all applicable laws and regulations.

**New Equipment Warranty:** Contractor shall pass on any and all warranties provided by the original manufacture of the equipment we install. Such warranty, if any, is specified in the owner's manual provided by the original manufacture, and is normally limited to the actual part that becomes defective, not the labor to replace the part. The customer is responsible for reading and understanding this matter for their specific situation. Contractor warrants their original installation labor on the new equipment to be free of defects due to workmanship for a period of twelve months from the date of completion of said installation. Labor warranty is limited to the normal straight time labor rate, excluding and overtime or weekend emergency costs. No other costs are covered by this warranty policy.

**Service Call Warranty:** All service labor performed by contractor is warranted for a period of ninety (90) days from the date of that service. Warranty labor is limited to the normal straight time labor rate, excluding any overtime or weekend emergency costs. All parts purchased and installed by contractor carry the original manufacture's warranty, which contractor passes on to the customer. For parts and materials purchased by the customer, but installed by contractor, the manufacturer's warranty is the responsibility of the owner.

**Warranty Limitations:** All claims for warranty must be made to contractor directly, as contractor will not accept warrant claims from third parties. Contractor assumes no liability for losses arising from warranty issues other than those outlined in this policy. Contractor reserves the right to change this policy, without notice, at any time, at their sole discretion.

**Indemnification:** to the fullest extent permitted by law, customer shall indemnify and hold harmless contractor, its agent and employees from and against all claims, damages, losses and expenses, including but not limited to attorneys fees, arising out of or resulting from performance of work hereunder, provided that such claim, damage, loss or expense is caused in whole or in part by an active or passive act or omission of customer, anyone directly or indirectly employed by customer or anyone for whose acts customer may be liable, regardless or whether it is caused in part by the negligence of contractor.

The State Fall Leadership Conference consists of general sessions, special interest sessions, seminars, workshops, tours, and other leadership development activities.

### **Pre-Planning** *How are you planning to maximize the learning experiences of students on this field trip/work site visit?*

Students are given a framework to attend sessions throughout the two-day conference, but are encouraged to go to the sessions they are attracted to and feel compelled to learn more about. We feel that by putting the decisions in the hands of the students, they often are more satisfied with their experience. While many of our students may take business-related courses after high school, the career skills often addressed far outreach one area. Workshops often are related to all-encompassing skills and topics such as resume-writing, career exploration, proper business attire, college searches, and networking, to name a few.

Students have been in meetings at the local level and have joined committees within our chapter, and we feel that by doing this early, students not only can look for session in their own interest-groups, but also the interests for others and specifically in relation to these small groups. Students can talk with other students from other high schools and chapters about their committee topics and see and hear what others are doing, and share their own ideas. In addition, many of the things learned here will help student later this year as they prepare to compete in selected business events at the State, and possibly National Conferences.

### **Follow-Up** *Explain a follow-up plan that will maximize the learning experiences of students on this field trip/work site visit?*

Upon returning to Linn-Mar, students will be asked to share their experiences with those that were unable to attend, and many will also take their experiences one step further this fall when attending the National Fall Leadership Conference in November. Those that attend the National Conference will experience a similar conference, but one that is on a larger scale (bigger budget, more students, more diversity, more sessions to choose from). For all who attend, as members of our chapter's committees (fundraising, community service, state conference, and event preparation), students can bring a knowledge of what kind of things have been done at other schools and implement similar programs here at Linn-Mar, in an effort to give our chapter a newer, fresher feel, instead of doing activities that are less than continue to be done, even attendance has been less than desirable.

### **Assessment** *How will students be required to demonstrate their understanding of the learning expected from this experience?*

Students will be required to attend sessions and summarize what they learned while at the conference. Summary forms will be distributed to the students prior to their first session and are due to the advisers in attendance following the conference.

### **Multi-Disciplinary** *What are the benefits of this field trip/work site visit that ensure all students at this grade level/activity will have the experience they should?*

Students who attend this year's conference will experience a wealth of information that they can not only use right away as high school students, but also throughout their life in whatever career path they might follow. Many students will be exposed to a wealth of new opportunities, while some might be inspired to follow a specific career path. Some will learn valuable leadership skills while others will simply learn how to make a good impression upon others. Regardless of what sessions students attend, they should all discover how to act more professional, lead fellow students within our local chapter, and how to begin a path of success during and after their high school career.

**Funding** Describe your source(s) of funding that meets both Department of Education and District guidelines.

Students will pay their own registration and hotel expenses to attend this conference. Each student paid a total of \$120 that covers registration, hotel and Sunday and Monday lunch and adviser expenses.

Student Expenses:

\$70.00 Registration per student

\$41.40 per hotel room

Adviser Expenses (2):

Registration \$70

Hotel \$82.80

Chapter Expenses:

Bus Driver Hotel room \$165.60

**Common Experience** Address how this field trip/work site visit will address more than one curricular area and how it offers the opportunity for curriculum integration.

Students should find that by attending this year's conference, they will be able to be a more productive member of any experience they might be part of. Many of the sessions are designed with the idea that these students are not only involved in their particular CTSO, but also active in other activities at his/her respective schools. Some students may find they are less hesitant during a large group meeting while others may be inspired to challenge themselves. Many will likely find traits within themselves they never knew existed, and want to share it with their peers.

**Fall Conference: October 14-15, 2018**  
**Ankeny, IA**

**Purpose**

This conference is an opportunity to enhance the leadership skills of all HOSA members. Since we are a relatively new club at Linn-Mar High School we will also learn about other schools' groups and activities and what we can do to make our club better. Students will also have the opportunity to meet and become acquainted with like-minded students and create networks.

**Pre-Planning**

The learning experiences in the students' core and elective classes, the information provided at the general meetings, and the desire to enhance ones leadership skills are good preparation for this conference. Students will attend motivational speakers and other sessions so they can better develop their leadership skills. There is no prequalification necessary for this event. I have attached a tentative itinerary that outlines the different sessions for each of the days as well as registration paperwork. Approximately ten students will be attending this conference.

**Follow – Up/Assessment**

Students who will attend this conference will take the new skills they learned and share them with other members of HOSA at our general meetings.

**Funding**

Funds for this conference will be paid by our fundraising money, students' money, and Booster Club.

**Cost:**

\$90/person for registration fees

\$110.88/four people per hotel room

**Common Experience**

All students who are attending this conference have an interest in pursuing some type of medical career after high school. They will learn about those careers that may be a good fit for them and learn more about those careers so they can better prepare themselves for their life after high school.

**Multi-Disciplinary**

Students will use their skills from English, roles in other clubs, and their 21<sup>st</sup> Century Skills when they work collaboratively and work to improve their leadership skills.
