"A long time ago, someone in this district was using their head when the decision was made to create the position of a Student Assistance Counselor.

Creating a position devoted to providing immediate support and community resource references for students in crisis with specific attention to substance abuse support and family/social support.

Creating a position that also provided positive alternatives and leadership opportunities for our students within the high school while working with the younger students in our district. That the district continues to support and grow our Student Assistance Counseling program shows an understanding that students are confronted with challenges each day which inhibit their ability to prepare academically in school."

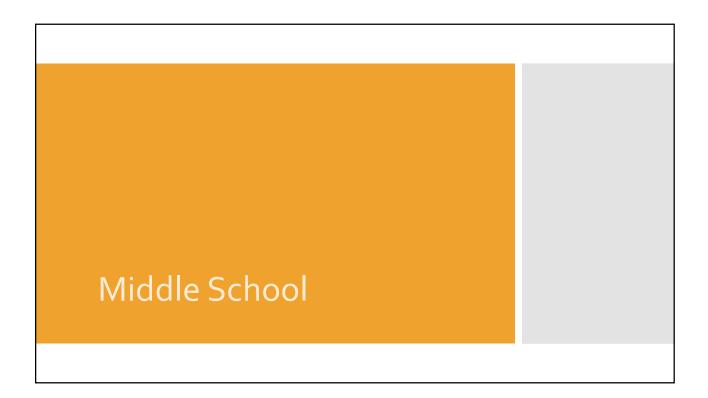

"Tamara DeVries is always on the lookout for ways she can help our students and make connections with our families."

"Stacia Walker has a history of expertise that pays off for the students, staff, and families at Linn-Mar."

"Indian Creek is thankful for the Student Assistance Team and the support they provided with the passing of one of our students. They walked us through all the necessary "think abouts" and the team provided support to staff members and students throughout the day. Their help and presence during this difficult time was greatly appreciated."

"Our student assistance team is top notch! They are dedicated to helping our students through some of the most trying social & emotional times of their lives. They work every day to put the needs of our students first."

"We are so fortunate as a school to have such a professional team in our buildings on a daily basis."

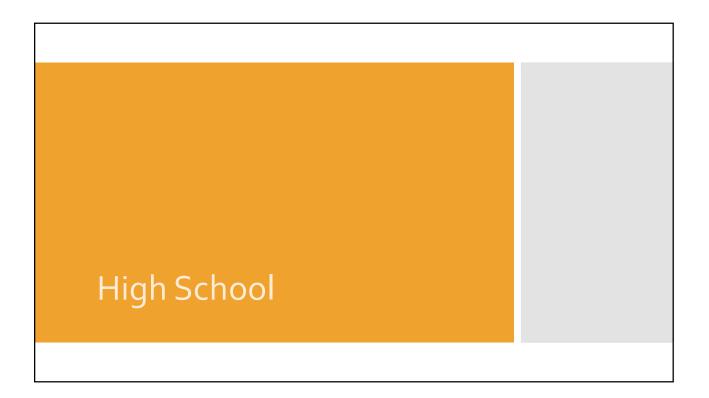

"What Shipley brings to EX is incredible. Not only does he help students/families who are At Risk, but assisting students with homework completion, attendance, ALICE trainings for our staff and district, and then on top of all of that, carrying out along with me, the Building/District goals/vision with our PBIS program."

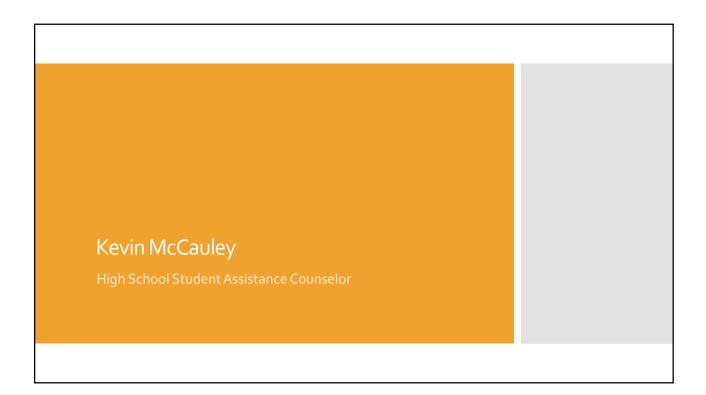

"Jessica is a great resource at Oak Ridge. She supports the social/emotional needs of many of our students and oversees programs that support the whole child, reinforce positive behavior, and foster productive conversation through various groups outside of the school day. Jessica is a huge resource to all students at Oak Ridge."

Kevin McCauley

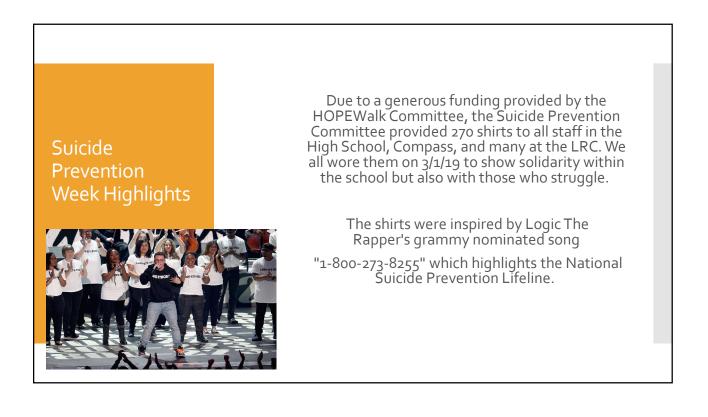

High School Student Assistance Counselor

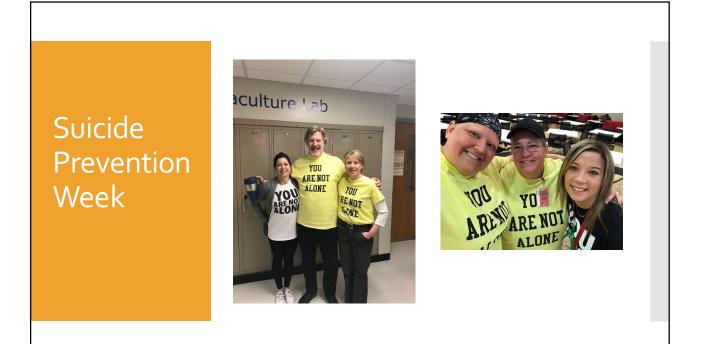

"Through this experience that Linn-Mar provided, I learned that it was okay to mess up, but it's what you do after that matters. I made a mistake of underage drinking, but from this mistake I've learned that it's from here on out, is how my life will turn out. The high school's violation experience wasn't as scary as I expected. I enjoyed my time meeting with the Student Assistance Counselor, and I learned a lot. I've made several goals for myself and realized that I want my life to be a positive direction after this incident. Meeting with the Student Assistance Counselor helped a lot. I'm glad I decided to meet with him because I am not confused or sad anymore. Overall, it was a good learning experiment for me, and now I know that my positive goals will be accomplished."

**Current Linn-Mar Student** 

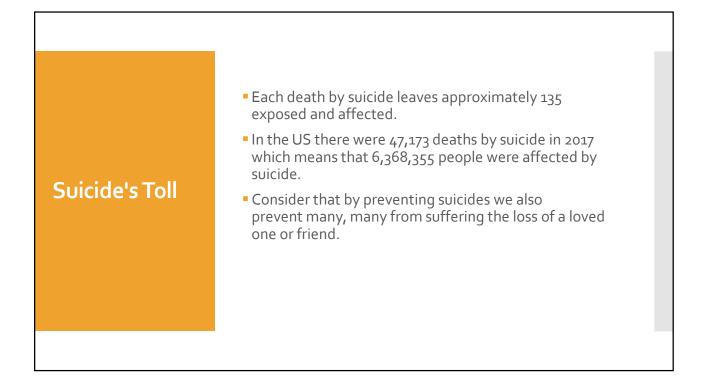

What does it mean to have a Student Assistance Counselor within your building? "How do you measure the entire effect of Kevin, Lisa and Janessa? We have students, graduates and former students who are still on this earth because of their efforts and knowledge. It is difficult to measure what never did happen to students had it not been for these three individuals. Simply acknowledging this shows our district understands such assistance for students and families in crisis is not just a 'nice to have', it is essential."

# Suicide Prevention Task Force

- Determine best practices for Linn-Mar's suicide prevention program based on research-based protocols and methods.
- Usher in these best practices, ensure fidelity and review yearly for current research and best practices.
- Improve suicide prevention training (and thus skills and knowledge) for counseling staff as well as the HS Student Assistance Team.
- Improve counselors and Student Assistance team members' comfort with addressing students' suicidal thoughts and behaviors as well as clearly defining committee members as resources for consultation.

STOP (Standing Together Opposing Phone usage while driving

- Formed in 2016 to support grieving students following an accident which caused the death of two of our students. The driver of the vehicle which caused the accident was texting and driving.
- The group evolved into an advocacy group to help change the law.
- 2/15/16 visit to the Capitol to speak with the Governor at a press conference and lobby legislators. Coordinated with Liz Mathis, State Senator.
- Yearly events with wrist bands, T-shirts, pledge signing, purple ribbons.
- Health Class presentations, break out session in the ALO Leadership Youth Conference with Unity Point.

Student Perspectives "I joined ALO at the beginning of last year. I heard of ALO and all the fun things they did the year before. I truly joined because when I saw ALO members interact with each other, I felt as though they had each other's back. They were a mini family, and I wanted to join. Once I joined, I saw a lot of leaders that looked like me, so I really wanted to live up and become a leader. I truly felt like I was becoming a leader during the ALO conference when Mrs. Walters let off the reins and let us showcase our leadership skills. I am in the Roots Honor Program to enhance my skills and to become the leader and person for others to look up to like I looked up to my sophomore year."

Jeany-Class of 2020

Student Perspectives "ALO and Roots Honor Program are constantly pushing me to be an individual and to hold myself accountable to a higher standard. There is the "idea" of having multicultural student leadership group and then there is the actual "implementation" of that idea. The implementation is an action that connects me to a community of some very cool and unique individuals, who like myself, just need a push outside of their comfort zone and into their potential. I joined ALO because of the idea. I stayed, because it was something timeless."

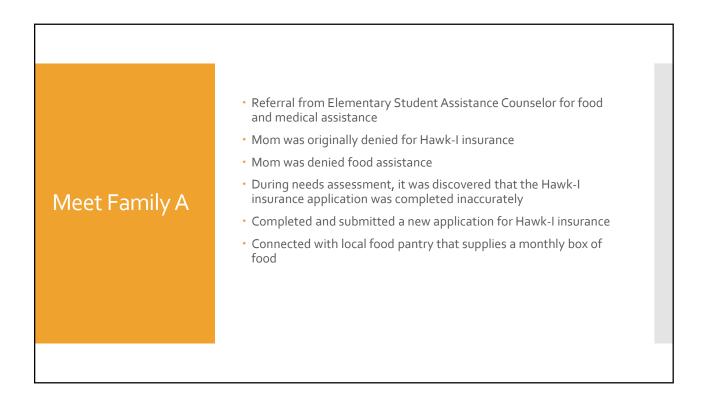

Henry -Class of 2019

What does it mean to have a Student Assistance Counselor within your building? "Kevin, Lisa, and Janessa are amazing people and do amazing things for our students, staff, and building. We would be lost without them and I would hate to even think of how our students would be affected if they were not in our building to support them."

"The student assistance team, particularly Katie Dorsey in this situation, has partnered with a family of children placed into foster care. The family was in transition and she worked with DHS, the temporary foster family, and the school to maintain attendance and provide transportation via cab so the children had one constant in their life, school."

Create effective and agile organization that is individually responsible to the needs of the whole child.	Become an excellent learning organization through a culture of continuous improvement.	Maximize achievement by increasing digital literacy utilizing 21st century digital tools.	Enhance engagement opportunities through focused strategic partnerships.	Construct physical learning environments using fiscally responsible and sustainable practices.

**FY2020 Certified Budget:** Linn-Mar's fiscal year 2020 proposed certified budget is based on a 2.06% SSA growth rate and a certified budget enrollment of 7,557 students, which is an increase of 121 students from the previous year. One of the main purposes of the certified budget is to establish a maximum tax rate for the district. For FY2020, the district is proposing a tax rate of \$18.01 per \$1,000 of valuation, which is an increase of \$0.64 or 3.7% from last year. The increase in the tax levy is a result of the voter-approved general obligation bond issuance, which will be used to construct two intermediate buildings within the district. A public hearing and final approval of the FY2020 certified budget is set for April 8th. Iowa law requires the budget to be approved and filed by April 15th.

Update from Finance/Audit Committee: The committee met on March 7th and discussed:

- Contract with Bohnsack & Frommelt to perform auditing services for the 2018-19 fiscal year in the amount of \$23,650. This will be the second year of a three-year agreement.
- The district received the following three bids for the Wilkins Elementary and high school roofing projects and recommends awarding the bid to Dryspace, Inc., as the lowest, responsive bidder.
  - Dryspace, Inc. (Cedar Rapids)
- \$746,937
- Black Hawk Roof Company (Cedar Falls) \$759,800
- Cedar Service Company (Cedar Rapids) \$823,043
- Noted that there will be a public hearing on March 11th regarding the site grading for the new intermediate buildings. The overall goal is to get site work on these projects started as soon as possible in order to meet the fall 2020 project completion timeline.
- Discussed the proposed fiscal year 2020 certified budget. See comments above.
- The school board will be passing a pre-debt service levy resolution on March 11th to allow the district to levy taxes for general obligation bonds issued after the certified budget deadline. In short, the resolution allows the district to levy a maximum of \$2.50 per \$1,000 of valuation for its FY2020 debt service levy.
- That a FY2019 budget amendment is necessary due to the 1:1 implementation. This amendment process will start in April and be approved by the school board in May.

**Marion Youth Center:** Members of the Marion Independent School District and Linn-Mar, in cooperation with several community agencies, are moving forward with plans for the Marion Youth Center. The goal of the coalition is to provide opportunities for at-risk students in grades 5th-9th to have social activities, meals, and a place to continue educational activities over the summer. A letter of support has been drafted and will be presented to the Marion City Council in April (*Refer to letter on page 3*).

Additional action shall be taken by the Board of Directors to provide for the issuance of the Bonds upon the sale of the Bonds.

Section 2. <u>Levy of Annual Tax for the Fiscal Year 2020 Commencing July 1, 2019</u>. For the purpose of providing funds to pay the principal and interest of the Bonds due and payable in the Fiscal Year 2020 commencing July 1, 2019 (the "Fiscal Year 2020"), there is levied upon all the taxable property in the School District, \$1,607,546 for the Fiscal Year 2020.

The filing provides that the Auditor annually levy for collection from the taxable property of the School District until funds are realized to pay the bonds in full.

This schedule will be amended when the Board of Directors takes additional action upon the sale of the Bonds to provide for the issuance of the Bonds subsequent to the sale of the Bonds.

A certified copy of this Resolution shall be filed with the County Auditor of the County of Linn, State of Iowa, who is instructed in and for each of the years, to levy, assess and collect the tax in the same manner as other taxes of the School District and, when collected, these taxes shall be used only for the purpose of paying principal and interest on the Bonds.

Principal and interest coming due at any time when the proceeds of the tax on hand are insufficient to pay the amount due shall be promptly paid when due from current funds of the District available for that purpose and reimbursement must be made.

To recognize extended service to the Linn-Mar Community School District, The Linn-Mar Board of Education may offer an early separation plan for licensed personnel serving in an assignment of .5 or greater time equivalency. Five-tenths to full-time personnel (.5 to 1.0 FTE) are those who are currently performing their assigned duties within the school district and who satisfy the definition of five-tenths to full-time personnel (.5 to 1.0 FTE) as outlined in the respective contracts and terms and conditions of employment.

# Eligibility

# **Requirements:**

- a. Non-administrative, licensed personnel
- b. Five tenths to full-time (.5 to 1.0 FTE)
- c. At least 55 years of age
- d. Completed a total of 20 years of service in position requiring licensure; 10 of which were for the Linn-Mar Community School District

All non-administrative personnel covered by this policy who have completed a total of 10 years of contracted service in positions requiring licensure with the Linn-Mar Community School District and who are at least 55 years of age, shall be eligible for early separation as an employee of the district. Eligibility commences when 20 years of service are satisfied after the age of 55. Said personnel will qualify for incentives upon submitting to the Board of Directors written notification of intent for early separation no later than October 12<sup>th</sup> and, upon receiving information regarding the incentives related to early separation, submit an early separation request no later than January 12<sup>th</sup> of the last year of service. Packages are awarded based on overall seniority.

The effective date for an early separation corresponds to the ending date of the licensed employee's contract year and they must work the entire contract year prior to early separation. However, should the licensed employee's birth date occur after the start of a new contract year but before the beginning of classes, they may choose to retire on the date of their birthday. An early separation request with an effective date other than this will be considered on its individual merits by the Board of Directors.

# Compensation

Licensed personnel who elect to take early separation will be compensated as follows: Eligibility commences when at least 20 years of service are satisfied after at least the age of 55.

• Years of eligibility: 1-7

- Percent of Base Salary 50% Package Amount: \$35,000 for full-time personnel (1.0 FTE); pro-rated for five-tenths to less than full-time personnel (.5 to <1.0).</li>
- All personal days earned but not used during the years of service to the district will be compensated for at the rate of substitute pay used during the last year of service.
- 2.—Separation compensation will be calculated on said employee's base salary during the last contracted year of employment. If the employee has worked less than full-time during the five-year period immediately preceding separation, then the compensation shall be based upon the average of the last five years. This shall not include any compensation for insurance flex dollars, extra-curricular or extra duty, TSS dollars, or performance contracts. This pay shall correspond to the following schedule relating to the end of that school year which is the employee's last year of active employment.

# Insurance

- 1. Licensed personnel who elect to take early separation pursuant to this policy shall be eligible to continue participation in the district's group medical-hospitalization plan at the district's group rate. An employee's right to continue participation in such group insurance plan will be discontinued upon reaching the age of 65, or when insurance is obtained elsewhere.
- Licensed personnel who elect to take early separation pursuant to this policy shall be eligible to continue participation in the district's group term life insurance plan at the district's group rate. - 3. Licensed personnel shall pay the premiums for all such insurance. It is the responsibility of employees to pay to the school district the monthly premium amounts on such dates as determined by the district. All insurance provided through the district shall be subject to the terms and conditions of the carriers.

# **Compensation for District Work Following Early Separation**

Licensed personnel electing early separation may support the district as a substitute teacher or on a consultant basis. As consultants participating in this program, individuals will be offered employment which could include substitute teaching as allowed by the Board of Educational Examiners regulations, demonstration teaching, working on staff development and in-service programs, and curriculum development projects. Participants in this program will receive contracted amounts mutually designed not to interfere with benefits allowed by IPERS or social security.

# **Payment Options**

The board shall determine the method of payment for the incentives as a 403(b) account and the time period during which to make full payment to the individual

account within a one-to-five-year span. The individual shall have the option to present their needs prior to the determination. The length of time for full payment shall be determined in writing and the appropriate installments calculated before the first payment is made. If the payment plan determined by the board is unsatisfactory, the licensed personnel may retract their early separation request.

# Restrictions

- Separation pay shall not be granted to licensed personnel who are discharged for causes other than staff reduction.
- Incentives pursuant to this policy can be received only once.

# Beneficiary

In the event of the death of licensed personnel prior to payment of the early separation incentive, the early separation incentive will be paid to the designated beneficiary in one lump sum payment. In the event no beneficiary is designated, the incentive will be paid to the individual's estate in one lump sum payment.

# **Amendment or Appeal**

The board has complete discretion to offer, or not to offer, an early separation plan for licensed personnel. The board may discontinue the district's early separation plan at any time.

The adoption of this policy shall not vest any rights in any licensed personnel whether or not the employee is currently eligible for early separation. The board shall have the complete discretion to amend or repeal this policy at any time. The district shall not be obligated to provide any of the incentives to any licensed personnel after the date of such amendment or repeal except to those employees whose early separation, pursuant to this policy, has commenced prior to the amendment or repeal.

# **Communication Process**

Following the board's annual decision, no later than May 15<sup>th</sup> regarding the offer of incentives, licensed personnel who are eligible and who have notified the board by October 12<sup>th</sup> of intent to request early separation shall receive a letter from the administration notifying them of the conditions offered by the board. These employees shall respond no later than January 12<sup>th</sup>, following the receipt of the letter with the conditions of the offer, as to their acceptance of the conditions of the board's early separation offer. The eligible employee's response shall be in the form of a letter indicating their intent to retire at the conclusion of their current contract.

To the Board of Education Linn-Mar Community School District 2999 North Tenth Street Marion, Iowa 52302

Attention: J.T. Anderson, Chief Financial Officer/Board Treasurer

We are pleased to confirm our understanding of the services we are to provide Linn-Mar Community School District for the year ending June 30, 2019. We will audit the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information, including the related notes to the financial statements, which collectively comprise the basic financial statements of the District as of and for the year ending June 30, 2019.

Accounting standards generally accepted in the United States of America provide for certain required supplementary information (RSI), such as management's discussion and analysis (MD&A), to supplement the District's basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the District's RSI in accordance with auditing standards generally accepted in the United States of America. These limited procedures will consist of inquiries of management regarding the methods of preparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. The following RSI is required by generally accepted accounting principles and will be subjected to certain limited procedures, but will not be audited:

- 1) Management's Discussion and Analysis
- 2) Budgetary Comparison Schedule
- 3) Schedule of the District's Proportionate Share of the Net Pension Liability of the Iowa Public Employees Retirement System
- 4) Schedule of District Contributions to the Iowa Public Employees Retirement System
- 5) Schedule of Changes in the Total OPEB Liability and Related Ratios

We have also been engaged to report on supplementary information other than RSI that accompanies the District's financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America and will provide an opinion on it in relation to the financial statements as a whole:

- 1) Schedule of expenditures of federal awards
- 2) Combining nonmajor fund statements and other schedules

The following other information accompanying the financial statements will not be subjected to the auditing procedures applied in our audit of the financial statements, and our auditor's report will not provide an opinion or any assurance on that other information.

- 1) Introductory section
- 2) Statistical section

#### Audit Objectives

The objective of our audit is the expression of opinions as to whether your financial statements are fairly presented, in all material respects, in conformity with U.S. generally accepted accounting principles and to report on the fairness of the supplementary information referred to in the preceding section when considered in relation to the financial statements as a whole. The objective also includes reporting on—

- Internal control over financial reporting and compliance with the provisions of laws, regulations, contracts and award agreements, noncompliance with which could have a material effect on the financial statements in accordance with *Government Auditing Standards*.
- Internal control over compliance related to major programs and an opinion (or disclaimer of opinion) on compliance with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each major program in accordance with the Single Audit Act Amendments of 1996 and Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance).

The Government Auditing Standards report on internal control over financial reporting and on compliance and other matters will include a paragraph that states that (1) the purpose of the report is solely to describe the scope of testing of internal control and compliance and the results of that testing and not to provide an opinion on the effectiveness of the entity's internal control or on compliance, and (2) the report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. The Uniform Guidance report on internal control over compliance will include a paragraph that states that the purpose of the report on internal control over compliance is solely to describe the scope of testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Both reports will state that the report is not suitable for any other purpose.

Our audit will be conducted in accordance with auditing standards generally accepted in the United States of America; the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the Single Audit Act Amendments of 1996; and the provisions of the Uniform Guidance, and will include tests of accounting records, a determination of major programs in accordance with Uniform Guidance, and other procedures we consider necessary to enable us to express such opinions. We will issue written reports upon completion of our single audit. Our reports will be addressed to management and the governing board. We cannot provide assurance that unmodified opinions will be expressed. Circumstances may arise in which it is necessary for us to modify our opinions or add emphasis-of-matter or other-matter paragraphs. If our opinions are other than unmodified, we will discuss the reasons with you in advance. If circumstances occur related to the condition of your records, the availability of sufficient, appropriate audit evidence, or the existence of a significant risk of material misstatement of the financial statements caused by error, fraudulent financial reporting, or misappropriation of assets, which in our professional judgment prevent us from completing the audit or forming an opinion on the financial statements, we retain the right to take any course of action permitted by professional standards, including declining to express an opinion or issue a report, or withdrawing from the engagement.

#### Audit Procedures—General

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well

as evaluating the overall presentation of the financial statements. We will plan and perform the audit to obtain reasonable rather than absolute assurance about whether the financial statements are free of material misstatement, whether from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity. Because the determination of abuse is subjective, *Government Auditing Standards* do not expect auditors to provide reasonable assurance of detecting abuse.

Because of the inherent limitations of an audit, combined with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is a risk that material misstatements or noncompliance may exist and not be detected by us, even though the audit is properly planned and performed in accordance with U.S. generally accepted auditing standards and *Government Auditing Standards*. In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements or major programs. However, we will inform the appropriate level of management of any material errors and any fraudulent financial reporting or misappropriation of assets that come to our attention, unless clearly inconsequential, and of any material abuse that comes to our attention. We will include such matters in the reports required for a single audit. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

Our procedures will include tests of documentary evidence supporting the transactions recorded in the accounts, and may include tests of direct confirmation of receivables and certain other assets and liabilities by correspondence with selected individuals, funding sources, creditors, and financial institutions. We will request written representations from your attorneys as part of the engagement. At the conclusion of our audit, we will require certain written representations from you about your financial statements; schedule of expenditures of federal awards; federal award programs; compliance with laws, regulations, contracts, and grant agreements; and other responsibilities required by general accepted auditing standards.

#### Audit Procedures—Internal Control

Our audit will include obtaining an understanding of the entity and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Tests of controls may be performed to test the effectiveness of certain controls that we consider relevant to preventing and detecting errors and fraud that are material to the financial statements and to preventing and detecting misstatements resulting from illegal acts and other noncompliance matters that have a direct and material effect on the financial statements. Our tests, if performed, will be less in scope than would be necessary to render an opinion on internal control and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to *Government Auditing Standards*.

As required by Uniform Guidance, we will perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each major federal award program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to Uniform Guidance.

An audit is not designed to provide assurance on internal control or to identify significant deficiencies or material weaknesses. However, during the audit, we will communicate to management and those charged with governance internal control related matters that are required to be communicated under AICPA professional standards, *Government Auditing Standards*, and Uniform Guidance.

#### Audit Procedures—Compliance

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will perform tests of the District's compliance with provisions of applicable laws, regulations, contracts and agreements, including grant agreements. However, the objective of those procedures will not be to provide an opinion on overall compliance and we will not express such an opinion in our report on compliance issued pursuant to *Government Auditing Standards*.

The Uniform Guidance requires that we also plan and perform the audit to obtain reasonable assurance about whether the auditee has complied with federal statutes, regulations, and the terms and conditions of federal awards applicable to major programs. Our procedures will consist of tests of transactions and other applicable procedures described in the OMB *Compliance Supplement* for the types of compliance requirements that could have a direct and material effect on each of the District's major programs. The purpose of these procedures will be to express an opinion on the District's compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to Uniform Guidance.

#### **Other Services**

We will also assist in proposing audit adjustments and preparing the financial statements, schedule of expenditures of federal awards, and related notes of the District in conformity of U.S. generally accepted accounting principles and the Uniform Guidance based on information provided by you. These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services will not be conducted in accordance with *Government Auditing Standards*. We will perform the services in accordance with applicable professional standards. The other services are limited to the financial statements, schedule of expenditures of federal awards, and related notes services previously defined. We, in our sole professional judgment, reserve the right to refuse to perform any procedures or take any action that could be construed as assuming management responsibilities.

#### Purpose of Field Trip

Linn-Mar Robotics Mission Statement:

Empowering students to become technology leaders through experiential learning and mentorship.

Our team's activities flow from our mission statement. This competition trip meets our goals in a variety of ways.

- Interact with teams in our region. We will cross paths with a number of world class teams from Wisconsin, Minnesota, Iowa and Illinois.
- Provide students with experiences that are similar in many ways to the business world; that includes communicating in a professional manner with people from other organizations, solving problems on a tight time table, using technical knowledge in a high pressure situation, looking for best practices within other organizations, marketing our team and our "product" to other organizations, and more.
- Practice leadership in a variety of settings within the competitions; that includes leading the scouting effort, leading the drive team, organization the pits, acting as a safety captain, and more.
- Practice many of the relevant technical and non-technical skills we have been working on in LM Robotics, including troubleshooting, programming, problem solving, communication, and data management.
- Attempt to advance to the FIRST World Championship in April 2019 in Detroit. Attending this event would be a very inspiring opportunity for all students involved.

#### Pre-Planning

Every student will be assigned one or more roles prior to the trip. These role descriptions include preparation that is to be done prior to the trip. All of the roles include a follow-up component, such as reporting to the team on best practices learned from other teams.

Roles have been provisionally assigned (attached), but in the coming weeks we will refine these roles as the competition approaches.

#### <u>Assessment</u>

The trip will be assessed in multiple ways. The competitive success of the team is one such measure; we hope to rank highly enough to be alliance captains, then advanced through elimination rounds and win the tournament.

After we return from the event, we will have a significant debriefing meeting with the team. Students in the various roles will discuss their findings, and we will create a list of resulting tasks to be done.

One of the benefits of this event is that it can inform our future work. We will use what we learn on this trip to direct our FRC team's workload in the coming weeks and months.

#### Follow-Up

This is our second official FRC event of the 2019 season. After this event, we will either qualify for the World Championships or we will be finished with the competition season.

Some possible areas for improvement between competitions:

- Improve our scouting system better data flow between scouts and drive team
- Improve 3D printed part designs
- Improve camera guided semi-autonomous software
- Improve our pit setup to ensure safety and maximize productivity
- Richer student interactions with the various groups of other people at the event

After the competition season, we have different types of items to focus on. Some examples:

- Prepare for summer camps (design the challenges, line up volunteers, prepare equipment, etc)
- Develop new offseason training
- Work on offseason projects such as a new drive train or manipulator arm
- Develop new software, such as motion profiling
- Create new connections with organizations in the community
- Prepare for demonstrations in the community

#### Funding – Travel

Travel expenses (\$220 per students) are paid for by students' families. The trip is optional, and we will explore scholarship possibilities if students have a financial need and want to attend.

Approximate Total:	\$3300
Van & Truck gas:	\$200
Van rentals (3 vans x 5 days):	\$700
Hotel Rooms	\$2400
Projected expenses are as follows:	

With approximately 15 students attending, this puts the cost per student at \$220 per student. Students will pay for the costs before the trip. Students will also be responsible for bringing money along for three supper meals (approximately \$50).

Travel is funded primarily by by students' families and paid out of the LM Robotics clubs account.

#### **Funding – Other Expenses**

The registration fees (\$4,000) and materials costs related to this event are paid out of the LM Robotics general budget (approximately \$30,000).

LM Robotics' general budget (HS clubs account 21.3209.1900.950.7426) is funded in a variety of ways:

- Donations and grants from businesses and non-profit organizations
- Donations from individual families and mentors
- Student member dues to purchase shirts
- LM Booster Club support
- Fundraising through summer robotics and Lego camps

#### Common Experience

The competitions are the most exciting and energizing parts of our endeavors. These competitions motivate students to work very hard and achieve some impressive things. Often when students come back from their very first competition, they come back with a higher level of motivation and go on to become stronger contributors. Also, competitions give them some experiences that they don't get in the shop. For example, they work cooperatively with allies from other schools even as they compete with them (FIRST refers to this highly workplace-relevant dynamic as "coopertition"). They act as ambassadors to introduce spectators to FIRST and its goals and principles. They give their award presentations to judge panels. They work to solve tricky unexpected problems in the very short time available – often just minutes.

FIRST emphasizes an ethos of Gracious Professionalism at all meetings and events related to FIRST. Students and mentors are expected to behave professionally, but also to relate in a friendly and helpful way to everybody, including competitors. It is common to see one team helping another team at events, even if they know they will face each other in the next match. The goal is for everybody to compete at an increasingly high level. Gracious Professionalism is a standard of behavior that will serve students very well when they become technology leaders.

### Multi-Disciplinary:

The students will use and be exposed to many different STEM skills on any robotics trip; those include mechanical design, programming, and electronics. Beyond the many STEM skills, they also put their communication, leadership, and interpersonal skills to the test. The scouting team organizes itself complete a marathon of data collection, and then they have to organize and disseminate that data using a combination of paper, face to face communication, excel, and android app use. The drive team has to assert itself tactfully to advocate for the best strategies for our team and for our entire alliances, even when the alliance partners may sometimes start off with dearly held, yet suboptimal strategic plans. The pit crew must work safely yet quickly and effectively to keep the robot running even when they have only minutes to work. The software team has to keep their cool and maintain their creativity as they tackle vexing bugs that pop up at the least convenient times. Business oriented members of the team will focus partly on scouting other team's organizational and business practices with plans to share ideas with our team later on. All students will be required to frequently practice effective communication with people they don't know.

## Linn Mar Varsity Poms Nationals competition trip for 2019-2020 Season: (February 2020)

The Varsity Dance team at Linn-Mar has earned the privilege to compete at the highest level the past 21 years at Varsity's National Dance Team (NDTC) Competition. The NDTC is the only national-level dance team championship that is endorsed by the National Federation of State High School Associations, the national service and administrative organization for high school athletics and fine arts programs. The rationale for this trip is to provide a learning and growing experience that enables students that have studied the art and physicality of dance, the opportunity to compete at the highest level. A level of competition that is not offered state-wide and regionally, as dance teams do not have to qualify for state levels of competition as other varsity sports do. The tradition of this trip has enabled the program to be one of the top teams in the state of Iowa as well as national recognition for the school name of Linn-Mar. The trip each season inspires students to be their very best both academically and physically. The team consistently has maintained a team GP ranging from 3.5-3.8.

The trip takes place from a Wednesday through Tuesday, returning the students back to school on a Wednesday. All students connect with their teachers prior to departure to determine what needs to be completed prior to the trip. The trip is chaperoned by the head coach and assistant coach, as well as most every parent travels alongside with the team. Head coach makes all the flight and ground travel plans. This trip requires early planning to take advantage of the lowest pricing, which has been arranged due to spring approval. The team has fundraising to offset the travel expenses. Anything beyond what is raised and equally shared amongst the team, each family is responsible in covering the additional expenses. Head coach outlines at the beginning of the season what the anticipated expenses will be, and offers opportunities to raise extra funds that fall within the team's three fundraising activities. Through these fundraisers, each dancer earns around half the cost of the trip. The other half is covered by each family.

Itinerary for 2019-2020

#### Tentative Team Schedule:

Wednesday: Team departs from Cedar Rapids to Orlando

Thursday: Team practice at local dance studio

Friday: Prelims in jazz/pom divisions at WIDE WORLD OF SPORTS

Saturday: Semis at WIDE WORLD OF SPORTS.

Sunday: Finals/ESPN broadcasted event.

Monday: Team visits Disney Parks. Admission is included in their ESPN package

Tuesday: Team travels home

Wednesday: Team returns to class

### Storey Lake Gated Community Resort

4693 Fairy Tale Cir, Kissimmee, FL 34746

All team members will be staying in the same house with both coaches. This is located within a gated, resort community. It is 5 miles from ESPN and 10 miles from Disney. The team will rent two vans to transport the team to and from the airport, competition and parks. Coach Hammes and a parent volunteer (TBD) will be the drivers (25 years or older). This option will be a savings of \$200-300 per family. Coach travels with medical cards, insurance information for each student as well as aware of any health issues for each student. Each member signs a waiver that parents and students understand the expectations of the trip and excludes Linn-Mar of any liability. In the event of a health issue, coach would triage the situation, contact the student's parents, and if need be, call 911. NDTC provides medical staff at all the venues as well. Generally, 80% of the team's parents/family travel with the team and have access to a vehicle.

## Head Coach: Jennifer Hammes (4th Grade Linn Grove Teacher)

Assistant Coach: Sami Herrera

This procedure I have outlined has been followed the last 21 years and we have had 100% safety and success with each trip. Current head coach has traveled the past four seasons as the assistant coach and has thorough understanding of the management and operations this trip requires. I appreciate your review and approval for this year's trip. Please let me know if you need anything further.
