❖ **Perkins Priorities – [FY23/24 Perkins Priorities](#)**

Priority 1 - *Align LMHS CTE programs to local needs and ensure exposure to emerging occupations.* Review workforce and economic data annually to respond to changes in the labor market and develop new or refine existing CTE programs.

Priority 2 - Promote CTE programs to include both general and special populations (TAG, students of color, and low-SES are currently underrepresented).

Priority 3 – Improve student and staff safety through improved staff training and updates in tools and machinery.

4:15-5:30 pm

❖ **Service Area Teams Discussion – (AGR, BUS, DEM, FCS), students lead discussion of six (6) questions related to elements 2 and 3 of the CLNA**

1. Do educators review workforce and economic data annually to respond to changes in the labor market and develop new or refine existing CTE programs?
2. Do students have the ability to enter emerging occupations and there are programs available to meet this need?
3. Does the district offer programs in which students choose to enroll and have an interest?
4. Does the district offer a sufficient number of courses and course sections within programs?
5. Are students sufficiently engaged in work-based-learning experiences?
6. Does the district offer middle grades (5-8) CTE programs that connect to high school programming (minimum 7th and 8th)?
